# VIDEO TAPE - DVD TRANSFER

\$29.99 per video tape to be transferred. Up to 2 hours of program per DVD. Optional scene editing is \$25 for the first edit, \$5 for each additional edit. To remove a certain scene, list the play time where you want a Fade-Out. Then list the play time where you want the recording to Fade-In and resume. The scene between these two points will be removed. For VHS and C-VHS tapes, counters may not be accurate, so please also write a scene description as a reference. Reset your counter to zero at the very start of your tape. For more edits, please list separately.
